Disclosure and Agreement to Participate in Shelter Animals Count (SAC) Information Gathering

Pethealth Services (USA) Inc. takes the privacy and security of the information it receives from you seriously. At the same time, we have been and continue to be committed to transparency about our collection and use of the information we receive. With these principles in mind, we ask that you review the information herein and then give your acknowledgment above regarding an agreement to share certain data with Shelter Animals Count (SAC) as described herein.

Background

Shelter Animals Count is an independent, neutral organization founded by a cross-section of animal welfare agencies to create The National Database. The National Database is a standardized database used to collect national animal shelter and rescue data, View www.ShelterAnimalsCount.org to learn more. We will be sharing data regarding certain information you input into your PetPoint account regarding animals at shelters with SAC provided you agree to this agreement.
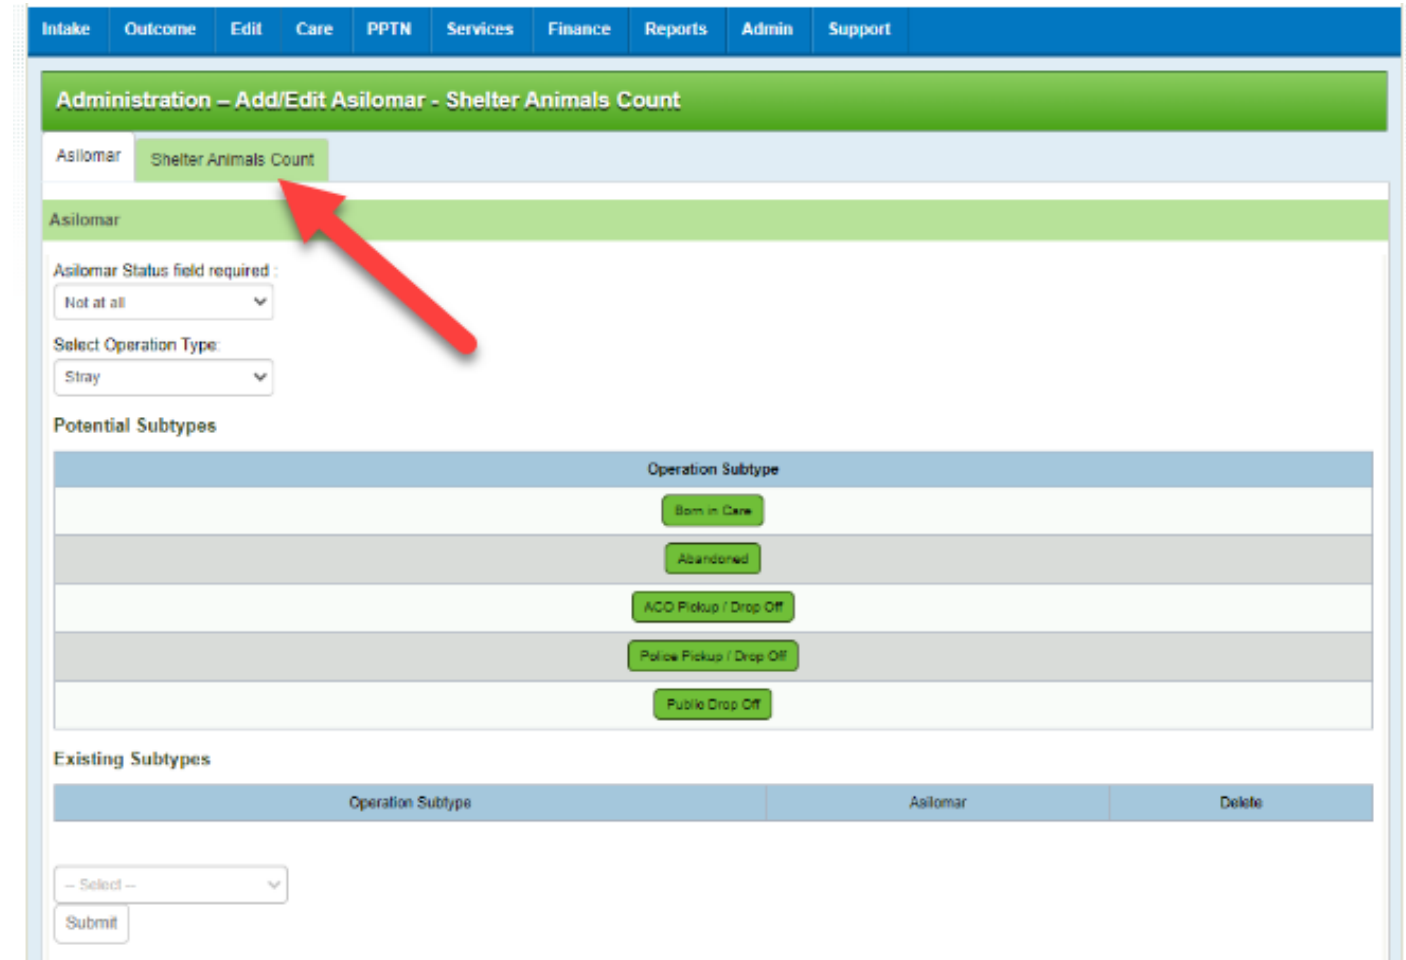

What Does This Mean?

With this agreement, Pethealth Services (USA) Inc. will aggregate the following pet data on a monthly basis starting from 2016 to the present, to be used by Shelter Animals Count. Going forward, this data will be sent to SAC on the 6th of each month for the month's prior data. You may end this automatic transfer at any time by contacting your Pethealth representative.

• OrgID
• Company Name
• Site Name (Intake Site)
• State/Province (via Company Address)
• Zip/Postal Code (via Company Address)

Submit

STEP 6: Map your intake and outcome types in PetPoint. **This step is crucial--the data will not be received until this mapping is completed.** If you already completed this step when setting up CSV imports, you can skip to the next page.

Visit:
https://pethealth.force.com/community/s/article/How-to-setup-the-Shelter-Animals-Count-reports and follow the instructions in the article. Contact PetPoint support if you need assistance with this step.

STEP 7: No longer manually upload or enter your data again!

NOTES REGARDING API:

- You <u>MUST</u> complete the instructions for updating your SAC organization profile, check the opt-in box in your PetPoint account, AND have completed the mapping step for the API to correctly send data.

- Monthly data will be automatically uploaded to your data portal on the 6th of each month for the prior month (i.e. on August 6, July data will be uploaded).
  - *We recommend you confirm that the data came through correctly during the first month the API is active by viewing the data in your SAC portal.*

- You will still have access to upload a CSV or manually change data if you need to.

- You can opt-out of the API at any time by notifying your PetPoint representative
